Facilities and Finance & Investment Committees Joint Meeting

Facilities Committee Chair, Chip Gould reported that the Facilities Committee met jointly with the Finance & Investment Committee on June 28. The Committee was provided an update on current capital projects which was posted to the board web site for review. He stated that the College should receive the certificate of occupancy for the Health Science Center by mid-July with classes scheduled to begin August 17. Mr. Gould invited Trustees to attend a tour of the new Health Science Center building on August 5, at 8:30 a.m.

Mr. Gould stated that the Committee was also informed that House Bill 956 was approved which allows Henderson County to construct buildings on the College’s Henderson County Campus using the local building procurement and contracting procedures. This will allow for the new Innovative High School/Career Academy project to move forward.

Mr. Gould also stated that the Committee was presented information regarding a proposed Law Enforcement Training Center to be constructed on the Henderson County Campus. An Executive Summary outlining this proposed project was posted to the Board web site for review.

President Parkhill informed Trustees that preliminary floor plans for the proposed building were provided for review. A building site location on the Henderson County Campus has not yet been determined. President Parkhill stated that in these preliminary discussions, the Henderson County Sheriff’s Office has indicated that they would be willing to assume the responsibility of supervising, scheduling and maintenance of the facility. She informed Trustees that policies and guidelines established under House Bill 956 for the Innovative High School/Career Academy would apply for this capital project. Dr. Parkhill also stated that if this project moves forward, the bond funds identified for the POPAT course would be redirected to another priority project identified in the College’s Master Facility Plan.

Mr. Gould stated that the Facilities Committee recommends approval to authorize the College Administration to continue negotiations and present proposed cost and location to the full Board of Trustees. After discussion and all questions were addressed, the Committee recommendation was approved without dissent.

also received an update on the 2016-17 State Budget. President Parkhill mentioned that the College’s formal financial statements for 2015-16 year would be presented to the Board at the September meeting.

Chad Merrill reviewed carry forward capital projects and the current Request for Proposal (RFP) for the following projects: keyless/wireless security system, installation of security cameras, outdoor lighting, and emergency mass notification system. All questions were addressed.

**Nominating Committee**

Committee Chair, Duke Woodhull informed the Board that the Nominating Committee met on June 28 to develop its recommended slate of officers for 2016-2017. Taking into account anticipated future challenges facing the college, individual trustee expressions of willingness to serve, and a desire to achieve an appropriate proportional balance between Hendersonville and Transylvania counties’ representation on the Executive Committee, the following slate of officers is recommended: Chair – John McCormick; Vice Chair: Chip Gould; Secretary: Molly Parkhill.

The BRCC Bylaws specify the composition of the Executive Committee as being the Chair and Vice Chair, one Board member appointed by the Chair, and two Board members elected annually by the trustees. The Nominating Committee recommendations are not applicable for the first two positions, in that they are statutory positions. To fill the remaining three positions, the Nominating Committee recommends (1) that the Chair appoint Kohlan Flynn to fill the third position and (2) that Duke Woodhull and Jeremy Gibbs be elected to fill the fourth and fifth positions.

It was noted that the Section 4, Article II (Officers and Term of Office) of the Bylaws currently defines a broad range of duties for the Secretary which extend well beyond the capability of any single Board member, yet allows for election of a single member to fulfill that role. The Nominating Committee therefore respectfully suggests that the Bylaws Committee amend that section of the Bylaws to designate the President for the position of Secretary.

Mr. McCormick asked if there was any discussion or nominations from the floor. Discussion arose regarding the need for board officer succession planning, the possibility of term limits for board officer positions, the upcoming search for the next president of the College, and the recommendation that the Bylaws Committee meet to review the current Board Bylaws. There being no nominations from the floor, the Nominating Committee’s recommended 2016-2017 Slate of Officers was approved with a vote of 13 approved and 1 opposed.

Chip Gould made a motion that the Board Bylaws Committee convene to review the current Board Bylaws for best practices with emphasis on nominating processes, roles of officers, and officer term limits. The motion was seconded by Kelly Leonard and unanimously approved.
